**Subject:** Fwd: RE: West Ridge 4th Quarter Water Monitoring

Gary,

I have uploaded all of the information for the West Ridge Mine from the pipeline into the database. A report is attached.

It looks like you have included all required samples and most parameters. The following parameters seem to be missing:

ST-6 oil & grease  
ST-9 oil & grease  
ST-10 oil & grease  
S-80 oil & grease

Since the samples are already in the database, I will have to enter this information. Please e-mail the values to me by the 15th of April, at 5:00 pm in order to avoid non-compliance.

Please let me know if you have any questions.

Thank you,

Dana Dean, P.E.  
Senior Reclamation Hydrologist

Apparently I didn't get this email originally. I thought that the 4th quarter had been uploaded for both Genwal and West Ridge. But since I didn't get West Ridge's it didn't get uploaded. Please upload this data.

Gary,

All of the 4th quarter data are entered, but I see that they are in the pipeline and haven't been uploaded. So, I guess you need to email Pam that it still needs uploading.

I was in SLC today, so sorry I didn't get this sooner, hope you didn't get an NOV.

Karla

Subject: West Ridge 4th Quarter Water Monitoring

Has all this been entered or do you need some info from me. DOGM is writing me a violation maybe because I haven't emailed them to upload it, but I can't find an email from you saying ok. I was gone to Indiana when my dad had some bad strokes and may have lost the email.
